WHAT WE ARE ALL ABOUT

The incontestable luxury, quality and creativity of the products designed by us, have made the name Decmore synonymous with excellence. Comprised of a young and a dynamic team, our company wants to bring a new outlook and a better alternative to the existing products in the market. Our products are durable, strong and aesthetic. The panels are produced in various colours and designs to satisfy your amazing requirements when it comes to creativity & design .

Decmore is a designer and manufacturer of high-end decorative surfaces and components for wall paneling based in India and exports it to all the corners of the globe. Decmore panels are made using eco friendly materials.

We offer a variety of colours, textures, sizes and finishes that allows you the total freedom of expression during the creative process. Decmore works closely with all users, interior designers, consultants, architects, contractors and the community to offer a whole a new experience and to create a special place not only in your homes but also in your hearts!

OUR MISSION

We endeavor to offer the most sophisticated design solution for commercial, high-end corporate, and residential complexes. We place immense value on our relationships with our clients, employees, and business vendors. Our customizable designs are environmentally friendly and sustainable. we offer the perfect paradigm of reliability, safety and integrity. We exist to satisfy the needs of our clients and our main motive is for them to find the best decor solution for their personal space. Our goal is to provide products with the best design, quality and concept, and with each day passing by, we aim to become a better version of our selves so as to keep you happy.

WHY DECMORE STONE ART PANELS?

Stone Art panels have become one of the hottest decorating materials across North. A huge selection of colours and shapes, easier installation when compared to full natural stone and of course, great pricing, account for its rising popularity among architects, builders and property owners. Decmore Stone art panels are long-lasting and durable. If properly installed, our product is maintenance-free. It's also a versatile building product. Stone Art panels are substantially lighter, they can be used in applications that would not support the weight of natural stone, including your home's entire exterior.

In addition to being a less expensive material, Stone Art panels are also more affordable in terms of labor costs to install, compared to natural stone.

KEY FEATURES:

- It is a reasonably-priced alternative to natural stone.
- Lightweight material reduces installation time and cost as installers can do more work in a shorter time frame.
- An excellent choice for tight areas where it might be difficult to work with natural stone.
- Lasts for many years when properly installed.

STONE ART
PANELS

Decmore®

Dimension : 2435mm x 605mm (8'x2') approx.

Thickness : 5mm approx.

Material : Smart Surface, engineered wood

Profile (M) : Matt finish Metal Profile

Application /installation Guidelines

Adhesive

Apply a generous even coat of adhesive to the product, immediately wipe off excess glue with a soft damp cloth, and dry with clean soft cloth afterwards to avoid adhesive from getting in front of the product, Being extra careful to avoid damages on sheet's face surface, apply the decorative panel after polish and finish work has completed. Please apply paper tape on side by side to fix the sheet perfectly.

Cutting & Trimming

To avoid damage, don't use hand saw. Sheet surface must be face-up when cutting, to avoid chipping, trim with cutting machine (Circular saw min, 6000rpm).

Cleaning and Care

Wipe the area using a soft cloth.

Nailing & Drilling

For fixation panels avoid nailing and if it is necessary be careful to nail in the right place without damaging design.

Seam

If gaps occur at the joints, use approximate colour fillet. Immediately remove any excess filler. Wipe off but avoid scratching the surface.

* Being a processed and handmade product , the colour may vary slightly.
